2006 Chesapeake Bay Small Watershed Grant Recipients

The Chesapeake Bay Small Watershed Grants Program provides grants to organizations working on a local level to protect and improve watersheds in the Chesapeake Bay basin, while building citizen-based resource stewardship.

Under the 2006 program, 68 projects from across the Bay watershed have been selected to receive over \$2.6 million in funding.

Primary program funding is provided by the U.S. Environmental Protection Agency's Chesapeake Bay Program Office. Additional funding partners include the USDA Forest Service, the National Oceanic and Atmospheric Administration, the USDA Natural Resources Conservation Service, and the U.S. Fish and Wildlife Service.
